

## The WONNOWN Awards are back! And we need your help to find the winners

Hi!

We have great news: the 7th edition of the WONNOWN Awards are here!

What are the WONNOWN Awards? An initiative by **CaixaBank and Microsoft Ibérica**, aimed at recognising and rewarding female talent in STEM areas (sciences, technology, engineering and mathematics).

In a society where **only 16% of STEM professionals are women**, the objective of the WONNOWN Awards is to reduce this gender gap and reward the **academic, professional, personal and social excellence** of female students in these areas.

More than 3,764 students have participated since its launch seven years ago, and many of the winners are now working at CaixaBank and Microsoft.

In this edition, entrants will have the chance to compete for a prize of **€10,000** for the student with the best academic record and professional, personal and social achievements, **15 paid internships to work at CaixaBank** and a **mentoring programme with Microsoft** to boost their professional development.

**Now it's your time** and you can help us promote women's presence in the STEM field by **publicising this opportunity**.

How can you help? We have prepared an **influencers kit** including all the materials required to publicise the 7th edition of the WONNOWN Awards.

# WONNOWN

We invite you to discover more details on our website: [www.wonnowawards.com/en](http://www.wonnowawards.com/en) and please don't hesitate to contact us if you need more information.  
Thank you very much for your help and cooperation!
